

# PUBLIC NOTICE

**The Baltimore City Department of Public Works, in coordination with Baltimore City Department of Transportation is accepting public review and comments for a request to issue an Administrative Waiver<sup>1</sup> to the requirements of the City Code for the Caton Avenue at Wilkens Avenue Intersection Improvement Project**

Notice is hereby given that the public is invited to comment on the request by Baltimore City Department of Transportation Management, for an Administrative Waiver to the requirements of the City Code for Stormwater Management Quantity Control. This project is eligible for an Administrative Waiver since it received Preliminary Project Approval on or before May 4, 2010. The Preliminary Project Approval was granted on April 26, 2010. Comments on the administrative waiver must be received by 5:00pm on July 27, 2010, to ensure consideration by the DOT.

The Baltimore City Department of Transportation is proposing intersection improvements at Caton Avenue and Wilkens Avenue. The proposed improvements include:

- Widen Caton Avenue to provide an exclusive right-turn lane
- Sidewalk replacement and/or relocation
- Asphalt mill and overlay
- Upgrading existing sidewalk ramps to comply with current ADA standards
- Minor signal, signing, pavement markings, drainage, and landscaping replacement/relocation due to proposed roadway impacts

<sup>1</sup> As pertains to the Baltimore City Stormwater Ordinance and Guidelines

In order to meet the 2010 Baltimore City SWM Ordinance requirements for the proposed improvements, a waiver for stormwater management water quantity control is requested. A water quantity waiver is requested since the project runoff is captured and conveyed through a public storm drain system that has adequate capacity to convey runoff from the project site. The project involves construction of a bioretention facility to meet the water quality requirements generated by the pavement widening and full depth pavement repair areas.

## Report

A copy of the Stormwater Management Report may be obtained by calling and making a request Department of Transportation (Main Number: (410) 396-6802), or by visiting the office during normal business hours:

City of Baltimore, Department of Transportations  
417 East Fayette Street, 5<sup>th</sup> Floor  
Baltimore, MD 21202

## Waiver Comments or Questions

Notices regarding future actions on this project will be posted

**Questions or comments on the project waiver may be submitted during the review period by mail to Mr. Warren Ware**, Baltimore City Department of Public Works (DPW), Bureau of Water and Wastewater, Surface Water Management Division, 3001 Druid Park Drive, Baltimore, MD 21215, or by email to [warren.ware@baltimorecity.gov](mailto:warren.ware@baltimorecity.gov).
